BOOTHSTRIP

Protect your Spraybooth surfaces

ENVIROMENTALLY SAFE

Protectapeel is a water based coating that can be disposed of safely in landfills. (No harmful chemicals)

ELIMINATES THE NEED TO REPAIR DAMAGED SURFACES

Protects surfaces during spraying.

HOW IT WORKS

Easy and fast to apply, it forms skin-tight protection.

BETTER WORKING CONDITIONS

The white provides a protective light reflective surface.

OVERCOATINGS AND REMOVAL

Can be overcoated several times and then stripped back as part of the spray booth maintenance. Easy to remove by hand stripping or by pressure hose.

OTHER INDUSTRIES USING PROTECTAPEEL

Construction

Glass and Aluminium

Mothballing
